

## Emergency Vehicle Technician (EVT) Training April 6 to 10, 2026 Charlotte Fire Training Academy, Charlotte, NC

APWA-NC is pleased to offer EVT (Emergency Vehicle Technician) training in North Carolina. If your fleet service includes Fire Trucks, Police Cars, or Ambulances, you know how important EVT certification is for your shop, but also how costly it is to send technicians out of state for training. For this reason, APWA-NC is bringing this training to Charlotte, NC. This specialty training is open to all communities.

At this training session, classes for modules F1 (2 days) and F3 (2 days) will be offered at a cost of \$320 for module F1 and \$320 for module F3, and lunch is on your own. Lodging is not included, but a list of hotels near the training facility is attached. The classes are limited to the first **20 registrants.**
